30^h April 2020

Dear Parent / Carer,

We hope you and your families are keeping well during these very challenging times.

We are delighted that your child is going to join us at Hans Price Academy and very much look forward to meeting them and getting to know you as a family.

Normally at this time in the academic year we would be looking forward to meeting your child when we visit their Primary school. Unfortunately, during these unusual times this is not possible. However, please be assured we are working with the teachers at your child's current school to gather the necessary information needed to ensure a smooth, successful and happy transition for them to secondary school.

We will be keeping in regular contact with you over the coming weeks via email and /or text message. We will be using these channels of communication to send out important information and electronic documentation for completion and return. It is important that once received, you return all this documentation as soon as you are able, fully completed so that we have accurate records for your child.

We still plan to offer some transition sessions for Year 6 students. Once we have a clear understanding of the plans for a return to school, we will be in touch again to confirm how and when the transition will take place.

For more information, keep an eye on the **Year 6** area of our website which will be updated over the coming weeks <http://www.hansprice.org.uk/our-academy/year-6-transition/> We view transition as an essential part of helping your child settle in to their new school environment and despite the unusual circumstances we currently find ourselves in, we will ensure both you and your child still have an excellent experience.

In the meantime if you have any questions or concerns you can contact us at the academy info@hansprice.org.uk or call us on the school number: 01934 629307.

Yours sincerely

A handwritten signature in black ink that reads 'N. Munro'.
